Steel Standard Cantilever Double Upright 6 Ft. Height 24 In. Arm Use Length Set 15,400 Lb. Capacity Blue

MODEL SDU-C-6-24-SET

Storage Solutions / Cantilever Rack Kits

PRODUCT OVERVIEW

The Cantilever racks are ideal for eliminating storage problems. The steel constructed design allows for quick and efficient handling by forklift or by hand. The rack includes pre-drilled holes, adjustable arms for access to variable heights, and front lipped arms to prevent items from falling. Available in both single sided and double sided units with the option of standard, medium, or heavy duty construction.

KEY FEATURES

- Create more floor space by adding arms
- Provides extra floor space
- Organize material in vertical position
- Durable design throughout daily use
