

# Galvanized Two Speed Cable Puller 2,000 Lb. Single Line Capacity 4,000 Lb. Double Line Capacity Silver

## MODEL CABLE-P4

Overhead Lifting / Galvanized Two-Speed Cable Puller

### PRODUCT OVERVIEW

A Galvanized two-speed cable puller is great for use in horizontal pulling applications such as positioning equipment, stringing lines and emergencies. Can be used in both single and double-line pulling applications. Handle ratchets to take-up cable. When handle is rotated all the way back, the cable reel will free-wheel. Not for use in vertical lifting applications.

### KEY FEATURES

- Ideal for horizontal pulling applications
- Use in both single and double-line pulling applications
- Handle ratchets to take-up cable
- Cable reel will free-wheel when handle is all the way back
