

Galvanized Steel Pallet Support Bar 38-1/2 In. x 3 In. x 1 In. 1000 Lb. Capacity Gray

MODEL PSB-42

Storage Solutions / Pallet Support Bars

PRODUCT OVERVIEW

Cross bars provide economical support for pallets between rack cross beams. This model is designed to be used with one half inch (1/2") plywood or particle board so the board will be flush with the top of the beam. The boxed steel bars fit our standard forty two inch (42") rack.

KEY FEATURES

- Cross bars provide economical support for pallets between rack cross beams
- Design is for half inch plywood or particle board in order to be flush with top of beam
- Boxed steel bars fit standard 42 inch rack for maximum efficiency
- Use in industrial applications for optimal results
