

Steel Wheel Chock 9 In. x 4 In. x 3-3/4 In. Yellow

MODEL SWC-9

Loading Dock Equipment / Steel Wheel Chocks

PRODUCT OVERVIEW

A mini steel wheel chock is perfectly suited for a variety of surfaces such as mud, sand, and concrete. To use, simply brace the chock against the intended wheel. This will limit and support against any jostling and movement. With a steel construction, the open bottom design also acts as a built in carrying handle for user convenience.

KEY FEATURES

- Notched edges for increased surface stability
- Powder coated finish for baked in added toughness
- Yellow color provides product visibility
- Compact design for minimal storage space
