Stainless Steel Tilt Master Manual 2,200 Lb. Capacity Silver

MODEL TM-22-M-SS

Ergonomic Solutions / Manual Tilt Master

PRODUCT OVERVIEW

The manual tilt master is great in a variety of settings. Whether it's lifting, tilting, or just transporting; this design is the one for the job. This unit is perfectly manufactured to help maneuver crates, boxes, or pallets with an open bottom. It also provides the user with an ergonomically correct position to reach loads easily without the need for bending down or excessively reaching over. The lift rolls smoothly on a polyurethane swivel caster with brake and foot protectors. The stainless steel construction provides strength and durability throughout a lifetime of daily use.

KEY FEATURES

- Stainless steel construction for a smooth finish and cleanliness
- Tilt angle allows for better ergonomic access
- Ergonomic push handle folds down when not needed for better access
- Two swivel casters provide smooth and efficient mobility
