

Steel Safety Railing Pour in Place 2 Ft. Length Yellow

MODEL VDKR-PP-2

Protective Barriers / Pour-In-Place Handrails

PRODUCT OVERVIEW

Elevated surfaces at any height can lead to a dangerous situation. Protect those areas, like walkways and mezzanine drop-off's with a steel handrail. This design is specifically engineered to be installed directly into the concrete, instead of attaching to the surface. 6" inches have been added to the leg length to accommodate for the direct ground installation. The VDKR series safety rail products comply with U.S. Occupational Safety and Health Administration (OSHA) General industry requirements for guardrail systems in 29 CFR 1910.29.

KEY FEATURES

- Pour-in-place design
- Built of schedule 10 steel
- Mid and hand rail protection
- Powder coated finish
